

Hawai'i Youth Tobacco Survey (HYTS) 2010-2011 Questionnaire

This survey is about tobacco use. This is NOT a test! It has been developed so that you can tell us what you do that may affect your health. It will help us **develop better tobacco education programs** for young people like you.

DO NOT WRITE YOUR NAME ON THE SURVEY. Your answers will be kept private. **No one will know what you write.** Answer the questions based on what you really think or do.

Taking part in this survey is voluntary. Your grades will not be affected and no one will ever know your answers. If you are not comfortable answering a question, just leave it blank.

The questions about your background will only be used to describe the types of students completing this survey. **The information will not be used to find out your name.** No names will ever be reported.

Make sure to read every question on the survey. Be as honest as you can with your answers. **Use the pencil provided to fill in the circles completely.** When you are finished, sit quietly and follow the instructions of the person giving you the survey.
