

Marijuana Use in Hawaii

Marijuana Use in Hawaii, by School Type, State, Gender, Grade Level, and DOH Race-Ethnicity,* for the Years 2005 - 2015

The weighted data is available for middle school for all years; high school weighted data is not available for 2001 or 2003. Data are shown by year in descending order. Questions for certain health indicators were not asked in all years.

Below are the indicators included in this report and the long description for each indicator.

Health Indicator	Health Indicator Description
Drug use - marijuana, ever	Students who used marijuana one or more times during their life
Drug use - marijuana, first use before age 13	Students who tried marijuana for the first time before age 13
Drug use - marijuana, past 30 days	Students who used marijuana one or more times during the past 30 days
Drug use - marijuana at school, past 30 days	Students who used marijuana on school property one or more times during the past 30 days
